

## MORSE CHOSEN FOR HIGH PLACE WITH COMPANY

Former Hudson Sales Manager Is Elected Vice President of Chalmers Company.

A. E. Reid, manager of the Oklahoma Chalmers Sales Company, announces the election of E. C. Morse to the vice presidency of the selling division of Chalmers Motor Company, Detroit.

Mr. Morse resigns as sales manager of the Hudson Motor Car company to take up his new work of directing Chalmers sales. His acquisition by the Chalmers people is regarded as one of the most important trade moves in recent months in the automobile industry. He will step into the position made vacant by the death of Paul Smith last July and will have direct charge of sales, service and advertising.

### The Chalmers Company.

In electing Mr. Morse to the vice presidency, it is in reality again joining forces with a veteran Chalmers salesman," said Mr. Reid. "In 1908 Mr. Morse was commercial manager for the E. K. Thomas Motor company of Buffalo, which marketed the product of the Chalmers-Detroit company. He joined the Hudson company in 1909 and was the first sales manager for that concern.

"Before entering the automobile business he obtained extensive sales experience with a large American manufacturing concern selling goods in all sections of the world. In this manner he secured expert knowledge which will be of direct benefit to him in his new connection."

"Mr. Morse's success in the selling end has long been recognized by the trade and is attributed to his constructive policies and building for permanency in his dealer organization. He is personally acquainted with thousands of motor car dealers in America and abroad and has their respect and confidence."

## Thompson Elected Chamber Director

Floyd R. Thompson, president of the Oklahoma City Retailers' association, today was elected a director of the Chamber of Commerce. He succeeds Mayor Overholser, resigned. In the balloting on directors, held several months ago, Mr. Thompson came within two votes of being elected.

## Twelve Thousand Watch Game

The above picture shows a few thousand "bugs" in front of the Times and Oklahoman building yesterday, watching the contest between Boston and Brooklyn for the world's championship. It is estimated that more than 12,000 fans have watched the four world's series games as guests of the Times and Oklahoman. The crowd has been so congested that the services of several traffic policemen were required to keep the streets and walks open.

From the electric board—the first ever in the entire state—the fans are able to see each play the moment it is made in Boston or Brooklyn. The Associated Press, with a direct wire from Oklahoma City to the baseball diamond sends every play. An expert on baseball, who is intimately acquainted with every player on the two teams, and with the details of the great national game, instantly dictates to a speedy telegraph operator, who sends the developments of the game to every section of the country.

The electric board was put up by the Times and Oklahoman to give real service to its readers, free of any cost to them.

## Virginia Soldier Killed by Train

BROWNSVILLE, Texas, Oct. 12.—D. L. Smith, 23 years old of Schoolfield, Va., private in the First Virginia Infantry, was struck by a freight or passenger train Wednesday afternoon, fourteen miles north of here and instantly killed. The body was identified early today.

According to regimental headquarters Smith was absent without leave at the time of the fatal accident.

## Offices for Ozark Trail Are Secured

Headquarters of the Oklahoma City Ozark Trail organization were opened today on the parlor floor of the Skirvin hotel and will be maintained in that location until after the Ozark Trail convention here on November 22 and 23. A huge sign inviting all interested in good roads to visit the headquarters will be placed in a conspicuous position at the hotel.

Col. W. H. (Conn.) Harvey, president of the Ozark Trails association, will be at the new offices practically all the time when in the city. Bernard A. Bridgewater, press representative of the local organization, will be in charge.

## CHURCH OF ENGLAND SENDS ITS GREETINGS

Good Will Toward Protestant Episcopalians Expressed By British Bishops.

ST. LOUIS, Oct. 12.—Greetings expressing the good will of the mother church for the Protestant Episcopal church of the United States were presented by representatives of the church of England with impressive ceremonies at a joint meeting of the two houses of the convention of the American church in triennial session here today.

The Right Rev. Hayshe Wolcott Yeatman-Biggs, bishop of Worcester, England, said that even with the shadow of war hanging over England, members of his church are intensely interested in the work of the American church. Similar expressions were made by Bishop H. H. Montgomery, secretary of the Society for the Propagation of the Gospel of the Church of England, and by Archbishop George Thornhill, of Algoma, Ont., and Bishop David Williams of Huron, Ont., fraternal delegates from the Episcopal church of Canada.

Funds, saved in mite boxes by thousands of American Episcopal women in the last three years, to be devoted to the support of women missionaries, were collected today at the "United offering service" of the women's auxiliary, holding sessions simultaneously with those of the general convention.

### \$10 Fine Assessed.

"I find Mrs. Sweitzer guilty and fine her \$10 and costs," he said.

By agreement between counsel for city and strikers Mrs. Sweitzer was remanded to jail in default of payment of the fine. Motorcycle Officer Frazier escorted her to the office of Police Matron Thompson, where she was held until Chief Nichols was ordered by Judge Hayson to bring her into the district court.

An application for release on writ of habeas corpus was made and Judge Oldfield set the hearing for 4 o'clock this afternoon. Judge Hayson released Mrs. Sweitzer from custody on a bond of \$100.

It is expected that the proceedings before the criminal court will extend to the question of the constitutionality of the ordinance, which labor leaders say is unconstitutional.

### Same Question Before Court.

Practically the same question involved in this case is up for determination in another case now pending before the criminal court, in which a socialist lecturer appealed from a judgment of the city court finding him guilty of violating a city rule against using the streets for public speaking without permission of the mayor.

It is contended that the anti-picketing ordinance as well as the rule involved in the other case are unconstitutional because they abridge the right of free speech.

## Mayor Explains His Vote

Mayor Overholser made a statement this morning setting forth his attitude toward the anti-picketing ordinance. He said:

"I was opposed to city ordinance against picketing from the beginning until it was passed. I am also opposed to picketing as a useless annoyance to people who are not interested on either side.

"But I maintain that the state courts are the proper place for this ordinance to be tried and for the application for relief.

"I voted for this ordinance because I won't show the white feather when my brother commissioners pass an ordinance. And don't forget that I bear the brunt of the whole affair because I happen to have charge of the police department."

## CHAMBER MEETING IS POSTPONED TO MONDAY

Good Roads Jubilee Put Off Because of Inability of Many to Attend.

Postponement of the proposed general meeting of the Chamber of Commerce and Oklahoma City Retailers' association, which was scheduled for Saturday noon at the Lee-Huckins hotel, was agreed upon this morning by Ed S. Vaughn, president of the chamber, and President Floyd Thompson of the Retailers. The chamber had planned the meeting in deference to the work done by Mr. Thompson and W. H. Harvey, president of the Ozark Trails association, in the work of promoting good roads in this state. The meeting will be held Monday.

The postponement of the session was effected because of the fact that many of the Retailers and chamber members would be unable to get away from their businesses on Saturday.

Unpaid telephone bills for the month of October are past due. If not paid by 5 p. m. of the 15th service will be discontinued. Pioneer Tel. & Tel. Co.—Adv.

## 100 YEARS OLD

"The kidneys play a most important part in causing premature old age and death: the more injurious the poisons passing through the kidneys the sooner comes decay"—so says a distinguished physician, who further advises all people who are past thirty to preserve the vitality of the kidneys and free the blood from poisonous elements, such as uric acid—to drink plenty of pure water—sweet some every day and take "Anurie" before meals.

This "Anurie" is put up in tablet form, and can be obtained at almost any drug store. For that backache, lumbago, rheumatism, "rusty" joints, swollen feet or hands, due to uric acid in the blood, "Anurie" quickly dissolves the uric acid as hot water does sugar. It was discovered by Dr. Pierce of Buffalo, N. Y.

Prevent old age by simply slipping a cup of hot water every morning before breakfast, take a little "Anurie" before meals and live to be a hundred.—Adv.
